Despite this week's heavy rain, construction on the Palazzo Versace and D1 sites is progressing well and no delays due to the weather are expected.

During December construction of Palazzo Versace's basement commenced, while additional shoring is ongoing and is expected to be completed by the end of January.

The vertical form work surrounding one of the Palazzo Versace lift shafts is now ready for removal following the completion of this shaft to the top level.

As part of the construction program for Palazzo Versace a prototype for a hotel room and condominium has been constructed on site to ensure the meticulous level of detail required in the completed product meets the approval of the House of Versace. Upon completion of the prototypes the approved blueprint will be implemented throughout the project.

## Emirates Sunland Showroom Now Open With Dedicated Palazzo Versace Display

Emirates Sunland are proud to announce the opening of their new Sales Showroom at Gold and Diamond Park.

The Showroom features several unique display areas, including a dedicated area for Palazzo Versace. This highlights the distinctive marble tiling found throughout Palazzo Versace, and from the end of February will showcase a selection of furniture items from the Versace Home Collection that will be considered for the Dubai property.

The showroom is open from 9am - 7pm Saturday to Thursday. For appointments or enquiries please call 04 3418663.

## White Bay Update

Sales for White Bay have continued to be strong over the holiday period, with particularly good results from our display at Mall of the Emirates.

Master plan approval for White Bay is currently with the Umm Al Quwain Municipality and once this has been received construction will commence.
