### ESG to showcase projects at Cityscape

This will be ESG's second consecutive appearance at Cityscape, Dubai's biggest property event, and comes after a successful first year of sales for the Group.

Centre stage at the ESG stand will be the original model of Palazzo Versace Dubai, which includes the entire Culture Village precinct, and the surrounding Dubai Creek environs.

Also featured at this year's stand will be D1, an 80-storey residential resort tower on Dubai Creek and the master planned community of White Bay, Umm Al Quwain.
